Stony Brook, NY 11794

Our guiding principle is simple: we believe that all individuals with autism, regardless of the level of support needed, should be able to live fulfilling lives with purpose, dignity, choices, and happiness. Our panelists will provide you with options to explore so you and your family can begin to plan for adulthood.

Who Should Come? Transition-aged students with autism ages 12 through 21, family members, school staff, adult service system professionals, and policy makers.

The program is free, but registration is required.
