

Enhancing lives today and accelerating a spectrum of solutions for tomorrow.

Discover the latest innovations in science, research and technology related to causes and improved interventions for autism spectrum disorder.

Autism Research Series: Discovery to Solutions

Monday Nov. 5, 2018

6:30PM: Registration & Resource Fair
7:00PM: Presentation
8:00PM: Q & A

Hofstra University

The Student Center
Multipurpose Room #101
1000 Fulton Ave.
Hempstead, NY 11549

On campus parking available.

Snacks and light food will be provided.

This Community Science Event is sponsored by Autism Speaks in collaboration with Hofstra's Special Education Graduate Association. There will be a presentation given by Autism Speaks Chief Science Officer, Thomas Frazier, Ph.D. about the latest advances in autism research to support people with autism and their families. There will be an audience Q&A session, a resource fair and many opportunities for networking.

Who should attend: Open to all, including people with autism and their families, researchers, clinicians, educators, policy makers, and members of the local community.

There is no fee to attend but you must RSVP.
