

# Autism in Love

(2015)

Autism in Love follows the story of four adults with an autism spectrum disorder as they search for and manage romantic relationships. These heartbreaking and brave individuals round up the ensemble cast of Autism in Love as they take audiences on a journey that urges them question and reevaluate their own ideals of what it means to love and be loved.

# Idiocracy

(2006)

Meet Joe Bowers (Luke Wilson), the first subject for the army's top secret human hibernation experiment. When the trial run goes awry, this "average Joe" awakens in the year 2505 only to discover that he is the smartest person in the world, stuck with the dumbest people in history. Now it's up to him to get human evolution back on track!
